## **AGREEMENT**

This Agreement is entered into on the date set forth below by and between Heber Public Utility District ("District"), and the City of El Centro ("City") authorizing Heber Public Utility District to provide potable water service to the McCabe Cove and Magnolia Gate subdivisions.

## **RECITALS**

1. The McCabe Cove and Magnolia Gate subdivisions ("the Properties") are within the City's sphere of influence. A map of the McCabe Cove and Magnolia Gate subdivision is attached hereto as Exhibit A.
2. The District currently provides potable water service to both subdivisions pursuant to separate agreements between District and DESCO Development Company ("Developer"), and between City and Developer, copies of which are attached hereto respectively as Exhibit B and Exhibit C.
3. District and City wish to formalize this arrangement for the provision of Potable water service in order to comply with a resolution of the Local Agency Formation Commission ("LAFCO") of the County of Imperial, State of California, namely Resolution No. 2015-09, a copy of which is attached hereto as Exhibit D.

NOW, THEREFORE, District and City agrees as follows:

- A. District is authorized to and shall continue providing potable water service, at the rates and charges in effect during the term of this agreement, to the McCabe Cove and Magnolia Gate subdivisions. District shall supply no other utility service to either subdivision without the approval of LAFCO.
- B. District and City agree that the sphere of influence for City shall remain as currently in effect, with McCabe Road being the Southern boundary. District and City further agree that the sphere of influence for District shall overlap and include both McCabe Cove and Magnolia Gate for the express purpose of District's provision of water service only. Any fees or costs that may be levied by another public agency to effectuate the purpose of this agreement or amend a sphere of influence shall be borne by Developer or City.
- C. Either District or City may initiate annexation proceedings for the Properties. District agrees not to oppose any such annexation proceeding by City, and City agrees not to oppose any annexation proceeding by District, including

one undertaken solely to allow District's sphere of influence to overlap City's sphere of influence for the provision of potable water service only. Nothing in this agreement prohibits District from continuing to provide potable water to the properties even if annexed to City in the future.

- D. District and City agree that the provision of potable water service to the property may transition from District to City at such a time that both agencies agree. Until such time, District agrees to maintain the waterline in accordance with its existing utility service policy.
- E. In the event of a successful annexation proceeding by City for the properties, District agrees to apply to LAFCO to amend its sphere of influence, and District boundary if applicable, back to McCabe Road as the Northern boundary. Conversely, in the event of a successful annexation by District for the properties, City agrees to apply to LAFCO to amend its sphere of influence, and City boundary, as may be required.
- F. This Agreement is effective when approved by the Board of Directors of District, and the City Council for City, after prior review by the Executive Officer of LAFCO.

This agreement is made on the date set forth below by and between the Heber Public Utility District, (hereinafter referred to as "HPUD") and Desco Development Company, a partnership (hereinafter referred to as "Desco"), collectively referred to herein as the parties.

WHEREAS, HPUD is a Public Utility District organized and existing under the laws of the State of California; and

WHEREAS, Desco desires to obtain potable water from HPUD for developments commonly known as McCabe Cove and Magnolia Gate,

NOW, therefore, HPUD and Desco agree as follows:

1. Desco will construct at its sole expense a water line to connect to existing HPUD facilities on McCabe Road for the purpose of providing water to developments commonly known as McCabe Cove and Magnolia Gate. Said construction will conform with all engineering and technical requirements of HPUD and local, state, and federal laws, rules and regulations.

2. Desco agrees to dedicate to HPUD all title in fee simple to the water line constructed pursuant to this agreement. Desco shall be responsible for procuring all permits, rights of way, or any other property interest necessary to effect the construction and installation of the water line.

3. Desco agrees to comply with all terms and conditions of the Local Agency Formation Commission, resolution HB1-96 (Desco Development), a copy of which is attached hereto as Exhibit "A", incorporated by reference and made a part hereof.

4. Desco agrees to install, at its sole expense, a detector check valve pursuant to plans and specifications approved by HPUD. The purpose of the detector check valve is to monitor water flow to the lots in each development. Desco agrees to insert language in any homeowners agreement to ensure that the homeowners association to be formed will pay the difference between the water delivered to the check valve and the total amount of water registered on the meters on individuals lots.

5. Desco understands that the connection fees for this project are the sum of \$2,400.00 per connection, and represents that the total number of homes to be constructed in McCabe Cove and Magnolia Gate is thirty-seven (37). Desco agrees to pay to HPUD connection fees of \$2,400.00 per connection. Said fees are payable as follows:

## EXHIBIT B

a. One half of said sum within fifteen (15) days after permits are issued for construction of the water line, in the amount of \$44,400.00.

b. The balance upon the issuance of the building permit for the twelfth unit to be constructed.

6. Desco further agrees to pay to HPUD a sum as and for reimbursement under the Trentham Water Line agreement. This sum is presently \$454.00 per connection. This sum will increase at the rate of \$25.00 per connection for each calendar year commencing on January 1, 1997, and annually on that date thereafter.

7. Desco understands that its developments are outside the HPUD service boundaries and that the water service to be provided will be charged at a rate that is twice the existing rate which is applicable to water users within District boundaries.

8. Desco understands that if the developments and property to be serviced by the water line are annexed, in the future, by the City of El Centro, or water service is otherwise made available by the City of El Centro, Desco, homeowners and the homeowners association to be formed agree to pay or reimburse HPUD for all costs and expenses incurred or associated with the disconnection of HPUD service to the developments.

9. Desco agrees to grant HPUD permission, and to execute any documents reasonably necessary, for HPUD to have access and egress to Magnolia Gate and McCabe Cove for reading, replacement, and repair of on site water meters. Future homeowners and/or the homeowners association to be formed will be responsible for maintenance and repair of all on site water pipe and appurtenances except as expressly set forth herein.

10. Once dedicated to and accepted by HPUD, HPUD agrees to maintain and repair the water line, up to and including the check valve and the water meters. HPUD will not be responsible for maintenance and/or repair of on site water pipe and appurtenances, (i.e., downstream of check valve) which responsibility shall remain with Desco, future property owners, and the homeowner's association to be formed.

11. Allowing this project to connect to HPUD facilities and the provision of water hereunder is expressly conditioned on the water being used only for domestic cooking and sanitary purposes within dwellings. No water supplied by HPUD may be used for any other purpose including, without limitation, irrigation, washing vehicles, watering animals or vegetation, or outside maintenance of the premises. This provision shall be a covenant running with the land.

## EXHIBIT B

12. Desco warrants the design, construction and installation of the water line and appurtenances to be free of material defects in workmanship for a period of one (1) year from the date of acceptance by HPUD.

13. Desco agrees to indemnify, hold harmless, and defend HPUD from and against all liabilities, lawsuits, expenses, claims, demands, judgments, suits, actions, of every kind or nature whatsoever that may arise by reason of any act or omission of Desco or its agents or employees, or any of Desco's contractors or sub-contractors arising out of or in manner connected with the construction, installation, repair, replacement and maintenance of the water line to the extent that such duty or responsibility rests with Desco.

14. In the event of any action or proceeding to interpret or enforce the terms of this agreement, the prevailing party shall be entitled to reasonable attorney's fees and costs of suit in addition to any other relief in law or equity.

15. Desco represents it is a partnership duly organized and validly existing in good standing under the laws of the State of California which has the power and authority to enter into this agreement and to consummate the transactions contemplated hereby. Desco, and its specific, individual parties signing this agreement on behalf of Desco represent and warrant that the parties signing this agreement on behalf of Desco have the full legal power, authority and right to execute and deliver this agreement.

16. This agreement shall be binding upon and inure to the benefit of the assigns, heirs, and successors in interest of each party. Except as expressly set forth herein, this agreement is a sole and only agreement between the parties, and may not be modified other than by a subsequent written agreement.

## RESOLUTION # 2015-09

**RESOLUTION OF THE LOCAL AGENCY FORMATION COMMISSION OF THE COUNTY OF IMPERIAL MAKING A DETERMINATION AND APPROVING THE AUTHORIZATION FOR THE CITY OF EL CENTRO AND THE HEBER PUBLIC UTILITY DISTRICT TO ENTER INTO AN AGREEMENT FOR PROVIDING WATER SERVICE TO MAGNOLIA GATE AND MCCABE COVE SUBDIVISIONS, SUBJECT TO THE TERMS AND CONDITIONS OF LAFCO**

**RESOLVED**, by the Local Agency Formation Commission of the County of Imperial, State of California, that

**WHEREAS**, a proposal to extend water service from Heber Public Utility District to McCabe Cove Subdivision and Magnolia Gate Subdivision in the County of Imperial was filed with this Commission and the Executive Officer of this Commission pursuant to Title 5, Division 3, commencing with Section 56133 of the Government Code; and

**WHEREAS**, the Executive Officer of LAFCO has reviewed and prepared a report on said resolution, including recommendations thereon; and

**WHEREAS**, it has been determined that the owners of land within the McCabe Cove Subdivision and Magnolia Gate Subdivision have been made aware of the proposed extension for water service agreement by mail and have been given the opportunity to comment and support or oppose.

**NOW THEREFORE, BE IT DETERMINED, ORDERED AND RESOLVED** as follows:

- a) Subject to the terms and conditions hereinafter set forth, the request is approved for the extension of the Heber Public Utility District's water service to the McCabe Cove and Magnolia Gate Subdivisions.
- b) Leave the SOI for both agencies, but allow the HPUD to overlap into the SOI and potentially in the future into the City limits of El Centro with water service only.
- c). The boundaries are set forth in Exhibit "A" attached hereto
- d). The short form title is:  
Heber Public Utility District HPUD 1-15  
(McCabe Cove / Magnolia Gate Water Service Extensions)

**BE IT FURTHER DETERMINED** that the Local Agency Formation Commission does find and impose the conditions as follows:

- A) Approve and authorize the City of El Centro and the Heber Public Utility District to enter into a new agreement for HPUD to continue to provide water service only to both the Magnolia Gate project and the McCabe Cove project, subject to the conditions listed below;
- B) Make the finding that this approval is not subject to CEQA as it is categorically exempt.

# EXHIBIT D

- C) Condition this approval to be effective for 120 days for an agreement to be executed, and absent an executed agreement being presented to LAFCO within 150 days this approval is null and void.
- D) The conditions of approval are as follows;
- a. The Sphere of Influence for El Centro shall remain as currently in effect with McCabe Road being the southern boundary.
  - b. The Sphere of Influence for HPUD shall be amended to include both Magnolia Gate and McCabe Cove for the sole authorization of HPUD to provide water service within this area and no other services.
  - c. HPUD may annex these two projects to the District or may continue to provide service as an out of boundary service. HPUD annexing the area to the District does not preclude the area from being annexed to the City of El Centro. It will merely allow a special district to provide a service within an incorporated city.
  - d. HPUD and El Centro, within 150 days shall enter into an agreement to establish the terms and conditions under which the water service by HPUD may be continued to be provided. A draft copy of the agreement shall be submitted to the Executive Officer of LAFCO prior to being approved by either/both agencies. A final recorded copy shall then also be provided to LAFCO. If in the opinion of the Executive Officer the agreement conflicts with the intent of this approval or condition of the CHK, and the EO so advises both agencies the agreement shall not go into effect.
  - e. This approval nor the agreement between the two agencies in no way authorizes or is intended to authorize HPUD to provide any services other than water and certainly no service currently not approved by LAFCO as part of the HPUD approved SAP/MSR.
  - f. The agreement between HPUD and EC shall state a term for the agreement to expire; shall state that HPUD will not oppose the annexation to the City; shall state that EC does not oppose the SOI for HPUD to overlap the City SOI for HPUD to provide water service only; shall state that EC does not oppose HPUD annexing this area to the District; shall state that water service may transition from HPUD to EC at such time that both agencies agree.
  - g. The agreement shall also state that no other service will be provided to the two projects by HPUD unless first approved by LAFCO.
  - h. The agreement once approved by LAFCO and executed by both HPUD and EC shall be sent by certified mail to each parcel of land by HPUD.
  - i. At such time that El Centro does annex this area, and if/when El Centro provides water service, HPUD shall apply to LAFCO to change the SOI and if applicable the District boundary back to McCabe Road.
